5) How will I find out my TA assignment?
   TA assignments will be sent out by email shortly before the beginning of each semester.

6) What if I don’t have a place to hold office hours?
   GR 4.608 is a shared office that is used for this purpose. There are 3 desks in the office and there is no lock on the door which will allow you to meet with your students any day and time of the week. You will receive an email at the beginning of each semester, so that you can sign up for times.

7) Where are the forms for the Qualifying Thesis and where do I submit them?
   - Qualifying Thesis Committee Membership
   - Qualifying Thesis Proposal Approval
   - Qualifying Thesis Final Approval
You will submit each form and a hard copy of each proposal/project to your ASC after your committee has approved them.

8) What is the process for submitting my 1st or 2nd year proposal and project?
For students completing a Research Project, Literature Review, or Grant Proposal, you will first submit a 2-5 page proposal. Please ask your research advisor to sign the front cover indicating his/her approval of the proposal, and then submit a hard copy of your proposal to your ASC. Your ASC will email you when the proposal has been reviewed.

After you complete the project, submit a hard copy to your ASC with a signature of approval from your research advisor. The ASC will email you when the second reader has completed his/her review.

9) How do I request an extension on my project?
Please submit the Request for Extension to your ASC after you and your research advisor have signed it. Your ASC will email you when your request has been reviewed.

10) Is there a form that I need to complete after holding my Brown Bag?
Yes, please complete the Public Presentation of Research Project form and submit it to your ASC.

11) I am ready to form my dissertation committee. What do I need to do?
Please submit the signed Committee Appointment Form along with a 1-2 page dissertation prospectus/pre-proposal to your ASC. Your ASC will email you (typically in 1-2 weeks) as soon as the dissertation committee is finalized with signatures from Dr. Stillman and the Graduate Dean.

12) What do I need to know about holding the dissertation proposal defense?
   a) The dissertation proposal defense may only be held once you have completed all of your project components including the Brown Bag and received final approval on your dissertation committee.
   b) Your defense must be scheduled when classes are in session (not during holidays, exams, reading days, or between semesters). You should contact your ASC to schedule a room for your defense.
   c) At least two weeks before your defense, you should submit a hard copy of your dissertation proposal along with the signed Dissertation Proposal Approval form to your ASC.
   d) After your defense, please submit the signed Dissertation Proposal Public Presentation form to your ASC.

13) How do I enroll for next semester?
Please submit a registration form signed by you and your research advisor to your ASC. The form can be scanned/emailed, sent through campus mail to GR41, or submitted in person. When your enrollment is complete, your ASC will email you. Then please check your schedule in Orion to verify its accuracy.

A few notes about enrollment:
   a) Funded students should enroll in 9 hours for the fall and spring semesters. The requirement for summer changes between 3 and 6 hours. Your ASC will email you before summer enrollment begins to notify you of the required hours.
   b) The course number for research is HCS 8v80. You do not have access to the 5 digit class number or section number for research hours, so you may leave them blank and just list the instructor.
   c) TAs should enroll as soon as possible to allow time to build the TA schedule.
   d) As a PhD student, you should choose the HCS prefix if a course is cross-listed.
If you have passed your dissertation proposal defense, you should enroll in HCS 8v99 Dissertation instead of HCS 8v80 Research.
